ARRESTED FOR "RAISING" A BILL.

An Extraordinary Case in Alderman Atkinson's Court—F. J. Robinson Sent to Jail on Charge of Raising One Dollar Bill to Twenty—Mr. and Mrs. Arthur Pearce Held for Conspiracy—An Interesting Case.

A case enough out of the ordinary to be sensational was disposed of in Alderman Atkinson's court yesterday, when F. J. Robinson was committed to the county jail on a charge of passing counterfeit money, and Mr. and Mrs. Arthur Pearce were each held in \$500 on the charge of conspiracy. All parties are from the country.

Story of the Bill.

The trio were arrested and taken before Alderman Atkinson, but before the case was called, Constable Moran had been following up more clues and when the hearing was ready, he was prepared to state where Pearce had been during the afternoon.

TEETH AND FOOD.

Help in Time of Need. Sometimes bad teeth cause illness, particularly when they are not fit to masticate food. A man in Adams Co. had all of his teeth drawn. He was sick with indigestion and lack of vitality and his teeth were in a bad condition. He was treated with a new complete set of teeth, to regain his health by thoroughly chewing his food, but he had an experience that is well worth knowing of.

groceries of Rico on account of having heard that the latter was selling goods cheap. Though the store was quite a distance from his route, he thought to save money by going there.

When Interrogated he told the time he was in Mayfield and affirmed positively that he had Pearce's team and wagon.

When the latter was placed on the stand he was made to understand that the constable knew the location of the team during the afternoon. After considerable cross questioning he finally admitted that he had the team and wagon in this city at the time that Robinson swore he had it in Mayfield.

By the testimony it was shown that Mrs. Pearce was given a share of the change Robinson had received from the merchant and both her and her husband were held under five hundred dollars bail for appearance in court.

Robinson's crime is not bailable and he was taken to the county jail. His case will be tried by the United States Federal court.

The most important item of last night's meeting of the poor board was the announcement, followed by a motion, which was adopted, by Mr. McCabe, as treasurer of the board, that his finances were in such shape that he was ready to pay over one thousand dollars to the Miners' and Mechanics' bank to apply on the indebtedness of the old board, which is held by this bank, and which amounts to \$3,800.

TALK ON "DANIEL O'CONNELL."

Hon. John Littlefield's Lecture in St. Rose Hall.

The life of Daniel O'Connell, the great Irish patriot, the heroic leader in the emancipation of Ireland, and the man who was so best with the divine gift of eloquence that Wendell Phillips said was the greatest speaker of modern times, was reviewed at a lecture given by Hon. John H. Littlefield before a full-sized audience in St. Rose hall. The lecture was the last number in the Knights of Columbus course.

Mr. Littlefield, who had a personal acquaintance with Abraham Lincoln, an intimate acquaintance having practiced one year in Mr. Lincoln's office, prefaced his review of O'Connell's life, with the reading of Lincoln's speech at Gettysburg and with an imitation of Lincoln and Douglas in their noted public debates. Mr. Littlefield's intimate knowledge of the martyr president gave an added interest to his introduction of the Lincoln episode.

RUSH OF VALENTINES.

The Biggest Mail on St. Valentine's Day in Years.

Yesterday, St. Valentine's Day, was marked by the biggest mail at the Carbondale postoffice on this day in years. While a heap of other cities indicated a rush of mail, those with a sentimental importance attached to them were more numerous. The increased favor for the latter ones seems to be the trend of fancy, for reports from other cities indicated a like condition. Perhaps there were more of the artistic ones and the same number of the meaner sort, as in other years, for the dealers of the town say that they sold as many of the "funny" ones as before.

It is needless to add that the mail men did not share in the sport that the valentine senders did. It just doubled their work, for the packages were most bulky, and in numerous instances there was more than one valentine. This, of course, was the usual valentine day joke, sending missives that called for part payment of postage by the victim who was made the butt of jest or ridicule. It was no joke, however, for the bulk of the mail, by means of a filing out of a form each case and a delay in collecting the postage that was wanting. The mail of the day, big as it was, did not make an appreciable increase in the receipts of the postoffice, as valentines are mailed at one-half the cost of first-class matter.

NERVOUS PROSTRATION.

Miss W. Childs-Blackburn, Secretary of the Rock Island Literary and Art Society,

Writes a Special Letter to Mrs. Pinkham Telling How She Was Cured.

The relation of woman's nerves and generative organs is very close; consequently nine tenths of the nervous prostration, nervous despondency and nervous irritability of women arise from some derangement of the organism which makes her a woman. Herein we prove conclusively that Lydia E. Pinkham's Vegetable Compound will quickly relieve all this trouble.

MISS W. CHILDS-BLACKBURN.

"DEAR MRS. PINKHAM:—I take pleasure in acknowledging the effects of Lydia E. Pinkham's Vegetable Compound. In my estimation there is no female remedy to equal it. Weakness not properly attended to, together with the close confinement at my desk brought on nervous prostration, so much so that for a year I doctored continually. I tried different remedies which only succeeded in poisoning my system, and my stomach refused food. A neighbor who had suffered with ovarian troubles and was perfectly cured, called my attention to your Vegetable Compound, and I made up my mind to give it a two months' fair trial. However, before one month had passed I was like a new woman, and after six weeks faithful use of the Compound I was in perfect health. It certainly is of great benefit to women, and I wish every poor suffering woman could have a chance to try it. Yours very truly, Miss W. Childs-Blackburn, 2922 Fifth Ave., Rock Island, Ill."

Nothing will relieve this distressing condition so surely as Lydia E. Pinkham's Vegetable Compound; it soothes, strengthens, heals and restores the female organism. It is a positive cure for all kinds of female complaints; that bearing down feeling, backache, displacement of the womb, inflammation of the ovaries and is invaluable during the change of life.

How Mrs. Pinkham helped Mrs. Borst. "DEAR MRS. PINKHAM:—When I wrote to you some time ago for advice I really thought my days were numbered. I was so ill that I could not stand on my feet for fifteen minutes at a time. I had female troubles in many of their worst forms; inflammation and ulceration of the womb; leucorrhoea; bearing down pains; headache and backache; nervous prostration. My kidneys were out of order and blood in a bad condition. Everyone, and even my doctor thought I was going into consumption. I followed your advice faithfully for six months with the result that I became a well woman, and it cost me much less than a doctor's bill. I feel that Lydia E. Pinkham's Vegetable Compound saved my life."—MRS. SARAH BORST, 7 COZY AVE., ONONDA, N. Y.

The above letter shows how unerring is the advice which Mrs. Pinkham gives to women who write her about their sickness; as the advice is free and always helpful it is not strange that she advises more than one hundred thousand sick women every year. Her address is Lynn, Mass.

50c. which will be paid to any person who can furnish the above testimonial letters of regard to the genuineness of the Compound. It is a special preparation.
